### CURRY COUNTY HAS RESERVED SPACE FOR EXHIBIT

Eastern County to Make Big Showing at the State Fair, with Splendid Crops to Draw From.

### FAIR MANAGER SAYS COUNTRY IS BEAUTIFUL

"One direct result of the meeting of the state fair commission at Clovis this week was the assurance of a big agricultural and livestock exhibit at the fair from Curry county," said Fair Manager Tom Binkert this morning. "The Clovis country has never had so prosperous a year since the founding of the town. The wheat crop is a dandy and the men who planted wheat are going to make big money. More than 150 cars were ready to ship while I was in Clovis. Other crops are of course in equally good condition, for the rainfall has been abundant, has come when needed and has found the farmers ready

to take advantage of it. The exhibit which the county will send here will be a dandy. Curry county proposes to take part in all of the exhibit departments. They even intend to carry off first prize in the "Better Babies" contest.

"The development of the Curry county farming section is remarkable. They have learned how to farm over there. The silo has come into general use, and the once despised Russian thistle is being cut everywhere and made in ensilage. It is said to be equal to any food which can be stored in a silo. Certainly the experienced stockmen over there are making good use of what was once considered a troublesome weed. A big experiment in Sodas grass is being tried over there this year which is turning out well."

"I saw one bunch of white-face cattle on the ranch of John Barry which were the prettiest cattle I have ever seen. C. W. Bowers of Davis, Cal., an experienced stockman, was so impressed with the livestock showing over there that he is going to buy a ranch as near Clovis as possible.

"The officers of the Curry county fair reserved a big space in Exhibit hall and will bring the pick of Curry county exhibits to the state exposition."

"We put out quite a lot of fair advertising matter while I was over there and Mr. Ely will make the trip through the Pecos valley spreading the word. He had been practically assured of an exhibit from Roosevelt county when I left Clovis, and we hope to have fine representation in the livestock section, especially from the lower valley."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### JUDGE MEDLER AND PARTY SPEND A NIGHT IN OPEN

Las Cruces Party, Piloted by Hilton, Run Into a Cloud-burst and Sleep Peacefully Under the Stars.

Judge E. L. Medler of Las Cruces and four automobiles loads of Dona Ana county delegates to the state good roads convention in Santa Fe arrived in Albuquerque at noon today, piloted by that veteran pathfinder and road builder Col. A. H. Hilton of San Antonio. The judge and his party spent last night under the smiling stars on the broad expanse of the Jornada del Muerto. They were spinning along smoothly when they encountered a cloudburst. The arrows were given in a few minutes and Colonel Hilton's light car was the only one which could get across. He broke a rear axle in trying to pull Judge Medler's car out of a flooded stream and had to abandon the car this morning. The party slept in

their cars until this morning when the floods having receded they were able to proceed. The left here for Santa Fe immediately after having lunch.

### HANLEY SENDS NO WORD OF START FOR THIS CITY

Chief of Police McMillin received no word today from T. F. Hanley, the Detroit broker, whose wife came to this city in company with her divorced husband, Charles Rosenthal, of Detroit, two weeks ago. Hanley yesterday wired the chief that he would let the head of the police know today when he could leave for this city.

### 37 DUMP WAGONS IN A PICTURE FOR SAN DIEGO FAIR

One of the pictures reeled off in the New Mexico building at the San Diego exposition will show 37 of the Springer Transfer company's dump wagons lined up in impressive array. The 37 were taken last evening by Col. E. R. Twitchell's movie expert as they returned from work on county roads, and the picture will be part of the good roads exhibits shown by the state at the exposition.

### QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You.  
 No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forces the acid which clogs the kidney pores so they sluggishly filter or strain only

part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidney.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

### INDIANA'S LIEUTENANT GOVERNOR ON NUMBER 3

Lieutenant Governor O'Neill of Indiana, traveling with his son, was a passenger on Santa Fe train No. 3 this morning. He was on his way to the Grand Canyon, from where he will go to California.
